Kama vile nzi waliokufa huacha harufu mbaya kwenye manukato, ndivyo upumbavu kidogo huzidi nguvu hekima na heshima.

|                       |                       |                |                       |                       |         |   |

Moyo wa mwenye hekima huelekea kuume, lakini moyo wa mpumbavu huelekea kushoto.

|                       |           |                       |                       |                       |                       |                       |   |

Hata anapotembea barabarani, mpumbavu hukosa ufahamu na kudhihirisha kwa kila mmoja jinsi alivyo mpumbavu.

Kama hasira ya mtawala ikiwaka dhidi yako, usiache mahali pako, utulivu huweza kuzuia makosa mengi.

Mimi nimeona watumwa wamepanda farasi, wakati wakuu wakitembea kwa miguu kama watumwa.
